

## International Shrimper Week June 5<sup>th</sup> – June 14<sup>th</sup> 2024

The ISW 2024 will be held in Holland on the Markermeer and IJsselmeer, formerly known as the Zuiderzee. I expect we can accommodate up to a maximum of 35 boats. The general idea is to start in Muiden and weave our way north. If the wind is too strong we can take a more sheltered route through the Randmeren. Because we are in early June the weed that plagues the shallows of the Markermeer will hopefully not have grown. We will probably end our tour in Medemblik and transport will be arranged to pick up trailers from Muiden unless organised to store trailers there at the start. If weather and tide permit we might explore the Waddenzee between Dan Oever and Den Helder for a day. Full details will be in the Spring edition.
